

St. Petersburg, January 01, 2022  
VGM delivery instructions

Dear Client,

Shippers/Consigners are required to declare the Verified Gross Mass to Transfennica prior to loading the containers on board.

VGM information submitted by the Shipper/Consigner should include:

- Shipper
- Name of the person responsible for the report in capital letters
- VGM (including the tare) in Kgs
- Container number
- Booking reference

Use VGM link from your booking confirmation (PDF) to deliver VGM to Transfennica.

For shipments from St. Petersburg use the following instruction for VGM delivery and the export information letter to see the deadlines:

1. Go to the Lighthouse web-portal and use search to find required containers/bookings.
2. Press button "Booking confirmation" on the left side of the bottom to generate a booking confirmation (PDF file).
3. Open the PDF file and use either a link on the top per a whole booking, or link per each container (in case of multi-selection).
4. A new page will be opened, add required data to all lines: container ID, VGM, signature.
5. Press Save and check the status of delivery (**Received**).

Thank you for your cooperation!

OOO Transfennica Russia as line agent of OY Transfennica AB
