The history of Transfennica 1976-2025

- **1976** - Transfennica was established by Finnpap, Finnboard, Finncell and Converta.
- **1994** - Change of company form.
 - Finnpap and Finnboard sold their shares to UPM, Metsä-Serla, Myllykoski and Metsä-Botnia
- **1996** - Subsidiaries were established in Belgium, Germany and the U.K.
- **1999** - Established a branch office in Hamina.
- **2001** - A new subsidiary in Paldiski was established.
- **2002** - Spliethoff acquired 51 % of Transfennica shares.
- **2004** - Spliethoff ordered six multi-purpose Con-Ro newbuildings to enter Transfennica's trade.
- **2005** - Spliethoff further increased the order by two multi-purpose Con-Ro newbuildings.
 - Spliethoff acquired the remainder of the Transfennica shares.
 - A new shipping service to Gdynia was inaugurated and a new subsidiary was established.
- **2006** - New shipping services to Husum, Gdynia, Rostock and Lübeck were inaugurated.
 - A new shipping service to St. Petersburg was inaugurated and new subsidiary was established.
 - The first two newbuildings in a series of eight vessels, M/s Timca and M/s Kraftca were delivered.
- **2007** - Offices were established in Amsterdam, Bilbao and Zeebrugge.
 - A new shipping line between Zeebrugge and Bilbao was inaugurated in September.
 - We took delivery of the third and the fourth Con-Ro newbuildings, M/s Genca and M/s Trica.

The history of Transfennica 1976-2025

- **2008** - Amsterdam became the head office of Transfennica Group.
 - The fifth Con-Ro newbuilding M/s Pulpca was delivered and deployed in our Antwerp trade.
- **2009** - The last Con-Ro, M/s Plyca, was delivered in June to sail on the Hanko-Lübeck route.
- **2010** - Inauguration of a new dedicated terminal A3 in Bilbao, fully operated and controlled by Transfennica.
- **2011** - The Iberia operations were moved to PSA's Wielingendok with 2 multipurpose Ro-Ro berths and a deep-sea container terminal as well as warehouse services.
- **2012** - Shipping services and Transfennica office were moved from Hamina to Kotka.
 - Exhaust gas cleaning system "scrubber" was installed on M/s Plyca.
 - The Iberia operations moved from PSA's Wielingendok to P&O Ferries, offering our customers excellent connections to Tilbury, Hull and Teesport.
- **2013** - It was decided to install exhaust gas cleaning systems "scrubbers" on the other five Con-Ro's.
 - Due to increasing demand in the Russian market, our shipping service has been upgraded with two direct sailings per week from Tilbury and Antwerp to St Petersburg.
- **2014** - Scrubbers were retrofitted in 5 Spliethoff Con-Ro's during 2014.
 - Iberia shipping services were terminated.

The history of Transfennica 1976-2025

- **2020**
 - 80' roll trailers were introduced in our service with a loading capacity of max. 80 tons. The platforms are equipped with rails to handle trains, locomotives and railcars.
 - Brexit (UK's separation from EU). Transition period continued until end of 2020.
 - EORI-number (Economic Operators Registration and Identification number) was requested for any business or individual established in the EU which undertake the import and export of goods into and out of the EU.
- **2021**
 - In September Transfennica's Helsinki office moved to newly renovated office premises at Uudenmaankatu after 41 years in Eteläranta.
 - Our shipping service between Hanko and Gdynia was terminated at the end of 2021, but the shipments continue with sub-contracted tonnage offering our customers sailings to selected ports in our network.
- **2022**
 - Due to the Ukrainian war, we suspended all cargo and vessel operations to and from St. Petersburg in March.
- **2023**
 - As the Ukrainian war continued, we were forced to close our St. Petersburg office in the end of April.
 - M/v Seagard was sold to Smyril Line in Faroe Islands after being chartered by us for 24 years.
- **2024**
 - Transfennica and CLdN connected their shipping services in Zeebrugge to provide their customers with broader connections through Northern and Western Europe.
